Nationwide Trailering Assistance

With an annual fee comparable to that of other roadside assistance programs, USRider’s plan offers service anywhere in the continental United States, Canada and Alaska and includes the typical flat-tire repair, battery assistance and lockout services. In addition, the Equestrian Motor Plan offers services designed with horse owners in mind, including 100 miles free towing for the tow vehicle and/or horse trailer, emergency veterinary, stabling, and farrier referrals, and more, for just pennies a day. USRider membership costs just \$119 annually, plus a \$29 new member activation fee (*\$19 for this limited-time offer*). Associate memberships for family members are available for just \$79 each. USRider waives the new member activation fee for members who add an associate member when they join.

USRider is a nationwide roadside assistance plan created especially for equestrians. It includes standard features such as flat-tire repair, battery assistance and lock-out services, plus towing up to 100 miles and roadside repairs for tow vehicles and trailers with horses, emergency stabling, veterinary referrals and more. USRider can replace current motor plans by covering members in any vehicle – even if you are not driving.
